240V Electric Fuel Transfer Pump

Diesel transfer pump ideal for dispensers, fixed fuel transferring systems and other industrial applications.

Sturdy cast iron structure, vane pump with sintered steel rotor, acetal resin vanes and induction motor with aluminium casing. Suitable for continuous use with thermal motor overload protection.

Pump Specifications	
Flow Rate	Up to 72 L/min @ 2900rpm
Motor	240V - 500W - 4.2A
Inlet/Outlet	1" BSP
Weight	7.9kg
Suitable Fluids	Diesel
